

## BATTERY

---

**Subject: new battery**

Model: California CAT

*Problem:*

short life-span of the presently fitted battery due to fluid leakage (**30 Ah EXIDE standard type** (29.52)).

*Solution in production:*

the **20 Ah sealed Exide ETX20** battery and then the **Yuasa YTX20** battery (is to be filled with fluid before delivery) will be fitted by January 2004.
