CM228601 – 60L LUXURY FIBERGLASS TOPBOX

This 60L capacity topbox is constructed of lightweight fiberglass with enough room for two full-face helmets. The outside is completed with an oversized comfortable backrest for your passenger, chromed latches and reflectors for increased visibility. Inside, it is finished with a pneumatic prop rod to hold the lid open, a special synthetic non-static velvet that makes the inner surface soft to the touch but won't endanger electronics, netting to keep objects secured in place and a mirror for grooming.

CM228501 – 50L TOPBOX

This large topbox (50L) features a quick release system and accommodates two full-face helmets. The shell is painted to match vehicle color and there is a comfortable backrest finished in the same material as the saddle. Internally, it features a document pocket, perfect for receipts or maintenance logs and elastic bands to keep objects from shifting as you are riding.

B063992 – LUGGAGE RACK

Required to mount any of the topboxes, this chrome plated steel rack expands the cargo capacity of the bike and allows you to carry more with your California 1400.

CM228701 – 35L FIBERGLASS SIDEBAGS

Standard on the Touring version, this 35L (70L total) fiberglass sidebag kit can be installed on the Custom model to considerably increase the cargo capacity. This kit comes with chromed hardware, mounting brackets and complete compatibility with all other OEM California 1400 accessories.

B063588 – CHROME ENGINE GUARD

Same guard as the Touring version, the engine guard is made of chromed steel tube and follows the lines of the bike. This engine guard is meant to protect the engine and works with other Moto Guzzi Accessories.

B063624 – SIDEBAG GUARDS

Same sidebag protection as found on the Touring version, these guards are made of chromed steel tube that follow the lines of the bike. It provides protection to the sidebags mounted on the bike and adds to the style of the Custom.

B064257 – CHROME STEEL GRIPS

These uniquely styled grips are made from chromed steel for a custom look and feature rubber inserts for grip and functionality.

B064243 – GPS MOUNT KIT

This support is made of polished stainless steel arranged to mount a GPS navigation system.

B064289 – CHROMED EXHAUST TIPS

Special end caps for the OEM exhaust to add style. The outer casing is made of polished stainless steel while the tips are made of polished billet aluminum.

B064234 – TOURING WINDSCREEN KIT

The windshield can be mounted easily on the Custom model using the support included in the kit. The screen is made of shock-proof and scratch-proof LEXAN, a high tech material that ensures years of durability while maintaining transparency and shine. DOT approved.

B064235 – AIR DEFLECTORS

Air deflectors mount to the lower area of the windshield to increase wind protection and comfort for the rider.

B064246 – BLACK CHROME TOURING HANDLEBAR

The touring handlebar available in black chrome is the perfect customization to your Touring model or can add a more upright riding position for the Custom.

B064251 – FOG LIGHT KIT

This fog light kit provides increased visibility when driving at night or in poor weather and matches the look of the California 1400 with its chrome finish. The two lights are installed under the blinkers for a clean OEM look while easily connecting to the vehicle's wiring harness. Kit includes special brackets and come with all wiring needed.

B064270 – HEATED GRIP KIT

These grips are easily installed on the California 1400 into a dedicated connector in the harness. The ultimate comfort accessory for people who ride in all weather conditions.

B064255 – ADJUSTABLE BRAKE LEVER

B064256 – ADJUSTABLE CLUTCH LEVER

These accessory levers combine high performance with high style. Push forward to unlatch the mechanism and turn the dial to set lever distance. The levers are made of aluminum and are polished to a mirror finish.

B064259 – CHROMED RESERVOIR COVERS

Add style to your California 1400 with special lids for the brake and clutch reservoirs made from machined steel with a chrome finish.

B064288 – BILLET REAR RESERVOIR COVER

Matches the chromed front reservoir for a complete custom look. Slips over the existing reservoir to reduce complexity when installing. Available 3Q 2013.

B064245 – POLISHED REARVIEW MIRRORS

Special rear view mirrors, made of machined steel with a chrome finish. The sturdy construction of the mirror lowers vibrations at speed. Fits the unique diameter and thread pitch of the California 1400.

2S000031 – BLACK REARVIEW MIRRORS

Special rear view mirrors, made of machined steel with a chrome finish. The sturdy construction of the mirror lowers vibrations at speed. Fits the unique diameter and thread pitch of the California 1400.

Available 3Q 2013.

B064272 – SWINGARM WASHER KIT

Special swing arm washers machined from steel and chromed to customize the style of the vehicle.

2S000032 – STAINLESS STEEL HEAT SHIELD KIT
Made of polished stainless steel heat shields, keeps the heat from the air-cooled 1400cc V-twin off your knees.
Available 3Q 2013.

B064247 – CYLINDER HEAD PROTECTION

Protect the cylinder heads of your new California 1400. This kit consists of stainless steel brackets and CNC aluminum sliders polished to a mirror finish.

B064236 – COMFORT GEL SEAT

This seat has gel for both the rider and the passenger and the two tone material matches the stock look. The saddle has the same height of the standard one but with the added comfort of gel inserts.

B064238 – LOWER GEL SEAT KIT

For those looking for a lower seat height combined with extra riding comfort, Moto Guzzi offers the lower saddle with gel inserts. This seat has gel for both the rider and the passenger and is two tone material matching the stock look.

B064249 – RIDER FLOORBOARDS

These rider floorboards are made of mirror polished billet aluminum for less weight and noticeable style while maintaining the same great ergonomics of the OEM ones. Matching passenger floorboard available.

B064248 – PASSENGER FLOORBOARDS

Matches the rider floorboard, made from the same polished billet aluminum, can be adjusted horizontally in four positions through a spring mechanism to achieve the optimal positioning, ensuring your passenger a comfortable trip.

TBD – FENDER ELIMINATOR KIT

Elegant plate holder made of polished stainless steel with LED light and is compatible with North American license plate dimensions.

B064244 – CHROMED TANK SIDES

These chromed side tank covers, replace the OEM pieces on your new California 1400 to give that distinct look.

B064241 – BIKE DUST COVER WITHOUT TOPBOX

B064242 – BIKE DUST COVER WITH TOPBOX

California 1400 logo'd fitted dust cover for indoor use. It is made of non-abrasive lycra and perfectly hugs the bike's sleek lines. Cover is two tone with graphics. Available in two versions, with or without topbox.

887335 – ELECTRONIC ALARM KIT

The only full function plug and play alarm system available for the California 1400, this alarm kit is designed to plug into the a dedicated connector in the wiring harness. The electronic anti-theft alarm system is compact and radio frequency.

B064250 – INNER LINER FOR SIDEBAGS

Less time spent packing means more time riding. These liners let you efficiently manage space and give you the ability to quickly sort, load and access to your stuff. Once you arrive at your destination all the bags connect together for ease of transport.

2S000034 – HANDLEBAR BAG

California 1400 logo embossed handlebar bag. It is made of Cordura and natural leather. Easy installation, quick release buckle.

Available 3Q 2013.

TBD – QUICK RELEASE TANK BAG

Made of Cordura and natural leather this quick release bag allows for easy storage. This bag clips to it's base, sold separately and can easily be taken with you.

Available 3Q 2013.

TBD – BASE FOR TANK BAG

Made of Cordura and natural leather, this base for the quick release bag allows the bag to easily detach and does not interfere with refueling.

Available 3Q 2013.

Moto Guzzi Jet Helmet

Made by Suomy, these jet helmets are finished with leather that matches the California 1400 and a chrome strip. Moto Guzzi logo on the stripe and California logo on the bottom of the helmet. These helmets feature a slide down visor to offer eye protection when desired.
